Firefighters offer holiday safety precautions

Christmas is a joyous time of year and the Northeastern Pennsylvania Volunteer Firemen's Federation hopes you have a happy and safe holiday season. The NEPVFF would like to pass along a few holiday safety tips.

When using extension cords for lighting decorations... Do not run extension cords under carpets or rugs and do not run them around doorways where they might become tripping hazards. Use indoor light sets for inside trees and outdoor light set for outside trees. Do not burn candles.

Make sure Christmas trees are fresh and keep them watered so they don't dry out. Keep Christmas trees and other holiday decorations away from sources of heat. Do not use electric lights on metal surfaces. Use indoor light sets for inside trees and outdoor light set for outside trees. Do not burn candles.
